

Managed & Hosted Services, Cloud & Hybrid Storage.

Managed & Hosted Services

Managing your IT environment doesn't have to be complex or costly. Our Managed & Hosted Services give you the freedom to focus on your business while we handle the rest, with proactive support that's just a phone call away. Whether your systems are on-site or housed in our secure, Adelaide-based data centre, our engineers monitor, patch, back up, and manage everything for you.

Need to host your infrastructure with us? We'll take care of it, you stay in control. Reliable, secure, and supported, always.

Managed & Hosted IT Services that Keep Your Business Running 24/7

At Logi-Tech, we provide Managed and Hosted services giving you flexible, professional IT solutions that fit the way you work.

Managed Services mean outsourcing the day-to-day management of your IT environment to us. Whether your infrastructure is located on your premises or housed in our secure Adelaide-based data centre, our expert engineers will monitor, manage, backup, and patch your systems around the clock. You'll benefit from lower internal IT costs and a stable, secure environment maintained to industry best practices. Hosted Services involve relocating part or all of your infrastructure into our purpose-built data centre ideal if your office environment isn't suitable for critical IT hardware or if you're ready to boost your system's reliability and security. We'll host it. You can still manage it. Whether Managed, Hosted, or a combination of both, we deliver peace of mind with tailored, cost-effective infrastructure solutions and expert support.

📍 Local. Trusted. Adelaide-Based.

Logi-Tech have the team of highly skilled and friendly professionals that can manage and secure your business' infrastructure.

Cloud & Hybrid Storage Solutions

Logi-Tech Cloud Services deliver secure, scalable, and cost-effective cloud solutions tailored to your business. With local infrastructure based in Adelaide and specialist support, we offer rapid provisioning, predictable costs, and peace of mind. Whether you're migrating to Microsoft 365, expanding your IT capacity, or looking to streamline operations, we design cloud solutions that grow with you, no overseas outsourcing, no guesswork, just reliable local service.

Secure. Scalable. Supported. That's Logi-Tech Cloud.
